## ABOUT PATRIK

Patrik has worked for Zacco since he joined the company to Zacco in 2018.

He works with all aspects of patent law, including counselling, commercialisation, prosecution of patents, patent management, claim drafting and litigation. He is experienced in various fields of technology and has appeared as a witness in several patent trials before the Swedish Patent and Market Court.

Patrik has a M.Sc. in Engineering and specializes in wireless communication systems, Internet of Things (IoT), embedded systems, electronics and software, with automotive applications.

Prior to returning to Zacco, Patrik worked as a patent consultant at a law firm and as the regional director of a patent office.

He is an authorized signatory of The Institute of European Patent Attorneys (I.E.P.A.).
